Prisoners Support the Great Commission

In June at the Converge Worldwide/BGC bi-annual meeting I met a couple who pastor a BGC church in a prison. For the past two months I re-

ceived donations from the prisoners in this church. The Bible says for us to go ye into all nations and make disciples. Now, even though these prison-

ers are bound by physical limitations, they have reached out beyond the walls of the prison to be involved in reaching the nations with the gospel by supporting me. I am so encouraged by this church. Please pray that God would ignite in the heart of all people the desire to spread the gospel regardless of circumstances. After all, when the Apostle Paul was in prison, he continued to be a witness to those inside the prison walls as well as to those on the outside.
